

2025 Sponsorship Packet

A Live Auction Event
Hosted By:

Our Organization

CNY Fair Housing is a private, non-profit organization founded in 1991, dedicated to eliminating housing discrimination, promoting open communities, and ensuring equal access to housing opportunities. Our organization, which covers 14 counties across Central and Upstate New York, based in Syracuse, provides: enforcement & litigation; research & advocacy; and education & outreach. Learn more about our work at cnyfairhousing.org

Help Us Weather the Storm:

Like many nonprofits across the nation, CNY Fair Housing has lost critical funding as the federal government rolls back fair housing protections and support. The programs that have funded our organization for more than 30 years are on the chopping block.

While the federal government may be turning its back on fair housing, we will not stop our work enforcing our country's civil rights laws.

We need your help to weather the storm and continue to fight for the rights of people in Central New York!

We hope you will consider becoming a sponsor for our 10th Annual Birdhouses for Fair Housing live auction event. **Your financial support will help CNY Fair Housing keep its doors open and continue to work towards eliminating housing discrimination, promoting open communities, and ensuring equal access to housing opportunities for all people in Central and Northern New York.**
